

Victoria's Secret

NYC Flagship Store
34th Street

After working on numerous projects for Limited Stores throughout the Northeast, Newport was selected to do all specialty decorating work for another major retail brand owned by Limited: Victoria's Secret.

This multi-faceted project included painting, wallcovering, Venetian plaster, stucco finishing and electrostatic painting. Sleek, modern and sexy - this 34th Street flagship store got more than a touch of class.

Contractor: Fisher Development

Duration: 12 Weeks
